I see people confused about the goal on 1/6. The goal MUST be: All fraudulent states are decertified, which will swing it to Trump. Any attempt to delay is a loss.

Don't be fooled by "ten day audits". Our only chance is showing mass power and surrounding Congress with a demand that fraudulent states are decertified. They have the legal authority to do this. And if they don't, Pence has the legal authority to do it.

Politicians are cowards and they only fear power. If they have the chance to delay and defuse the 1/6 mass protest, they will do it. Ignore Cruz's "ten day audit" bullshit. That's a loss. Don't trust them! They are all snakes and weasels who will do the right thing if it's convenient, but will do the wrong thing if they think they need to save their own skin.

There's only one person you can trust, and that is Trump. Assume everyone else will not show any courage unless they're forced to. And THE PEOPLE are that force on Jan 6th. In the end, it will likely come down to Pence fearing not doing the right thing. We need to give him the courage to follow through.

9 it MUST happen on the 6th or it will not be. If Jan 6th fails, NOTHING stops Biden from inauguration Jan 20

7 Realism is not defeatism. The reason people focus on 1/6 as the big move is because that's when we have a mass demonstration in D.C. Once everyone goes home, it's all back to business as usual, and business as usual is what has happened the last few months -- mass corruption.

I'd love it if SCOTUS came through, but so far it seems obvious they are compromised, either by being traitors or because their families are threatened.

The country is completely broken. Jan 6th is all about "growing a pair and taking the fucking country back", as you say.

▼ It goes to a single vote by state, and Trump has a lot more states. Excellent analysis here by an attorney speaking on 1/5 about Pence's potential role: <https://www.youtube.com/watch?v=F2rRezgd3Yw>

▼ Fuck the games of fraud and lying media, adjust your sights to the money trail. All the demo rats are funded by the ccp.

January 6th is the **day** that the **Frog** swallowed the **ccp**.

▼ I keep being told decertification will NEVER happen and that the 6th is a big fat nothingburger that is only meant to make us feel like we are doing something when in reality the steal is going to be confirmed and Obama's 3rd term will begin.

▼ WE cannot decertify. What WE can do is put MAX pressure on THEM to do it.

▼ Right and how do you plan on achieving that goal... Because strongly worded emails haven't really done much up till this point

▼ Surrounding Congress 1000-deep is a much more strongly-worded message. I'm personally hoping people follow through with bringing lumber for building gallows outside.
